FOREWORD

That this 1945 yearbook may bring vividly to mind thoughts of individuals whom you want to remember and high school activities in which you have participated is our sincere wish. Since this anniversary annual looks back twenty-five years, we have endeavored to record the history of not only the Spotlight but also all other activities of Elizabeth City High School. It is especially a memory book of a high school year, now an actual fact as we go from class to class; soon it will be a vague dream. May this book be tangible enough to connect your fancies with this year's facts.

Dedication

To —

MR. J. G. McCracken

With the hope that we may in this way show our appreciation for his loyalty and kindness as friend and adviser to all who have worked with him, this 1945 edition of the Spotlight is affectionately dedicated.

To graduates this war-torn earth
Presents a solemn face.
We humbly pray for healthy mirth,

Trusted a hard-won peace!
For all time may the children know
The crime of war to cease.

Onward and Upward

We, the class of forty-five,
Pledge ourselves to higher thinking,
To keep the precious spark alive,
Our progeny and prestige linking.

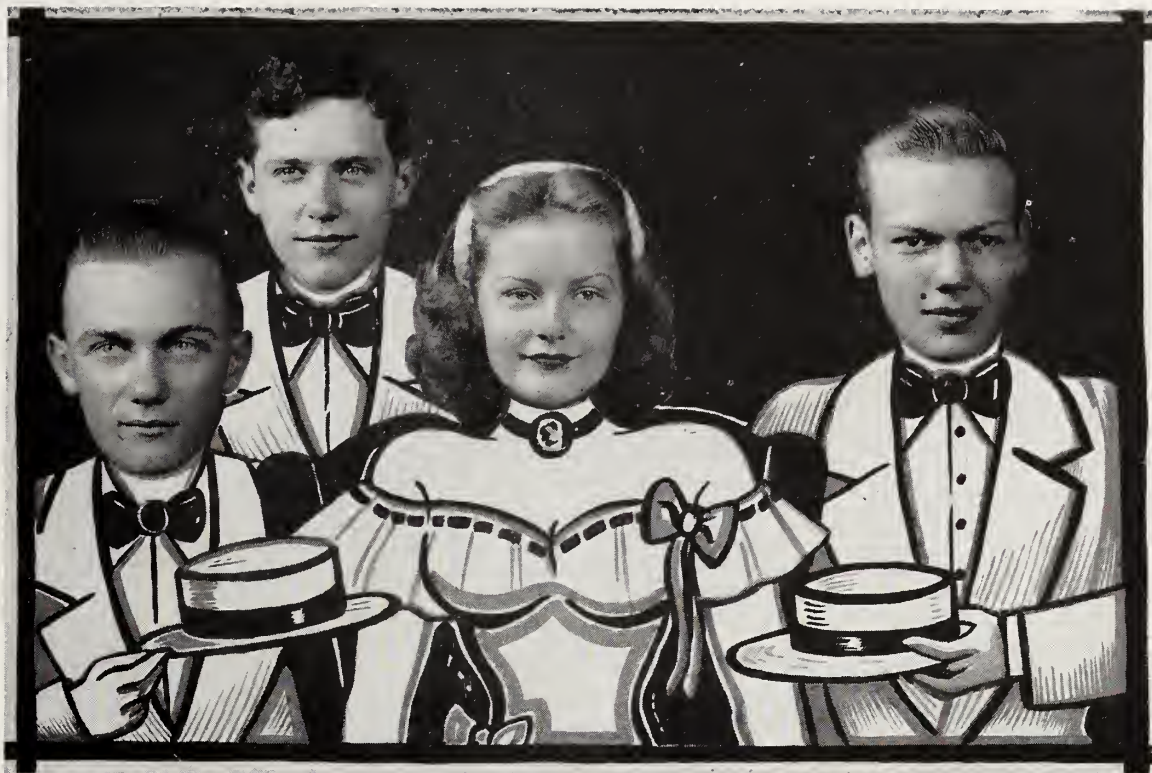

Soon we shall return to the pages
Of the lives we've touched while here,
E'er in mem'ry through the ages
Growing dearer year by year.

Though our paths must separate us,
Still united we must stand
To crush the foe that may await us,
Establish lights throughout the land.

With this goal and destination
Onward, Upward, we shall rise
Spreading lore throughout creation
With a will that never dies.

Onward, upward, higher ever
We shall reach a new domain,
Doing our part, faltering never,
So that light and peace shall reign.

CLASS HISTORY

BY JENNIE LOU NEWBOLD

Whew!! We're through! Eleven years of hard work and loads of fun, eleven years of growth and development in the ways of the world have gone by, never to be re-lived.

It was back in September, 1934, that a group of scared, bewildered little boys and girls trudged to the old primary school on Dyer street. It wasn't long before we became adjusted to the new life. In the first grade we presented the operetta "The Queen Bee."

Then came the glorious day when we entered the old S. L. Sheep School and the fourth grade. Now we were eligible to help with publishing the *S. L. Sheep News* and participate in the annual Dixie Land Minstrel. The next year, however, the old Sheep building was condemned, and we were transferred to the high school. Time seemed to glide by swiftly, and we were in the seventh grade. That year we had entire charge of the *S. L. Sheep News* and had the leading roles in the Dixie Land Minstrel. After Christmas of that year we moved into the new S. L. Sheep School and were very proud to be the first class to graduate from its beautiful halls.

Soon the day we had both dreaded and eagerly anticipated came, and we entered high school. The first two days, after being ruined by the sophomores, we really looked like little Indians. It was not long, however, before we got adjusted to the change and entered into the school activities. There seemed so much more to do this year than in the preceding years.

While we were freshmen, our school system adopted twelve grades and nine months; therefore the next year there were eighth graders and no freshmen. Freshmen or no, we got our share of painting the little creatures.

During our junior year we really had more hard work and more delightful times than in any other year before. There was the Junior Carnival, which was one of the most successful ever held; then we sold magazine subscriptions to get more funds for the annual Junior-Senior Dance. We gave the seniors a splendid dance with refreshments in the Virginia Dare Hotel Ballroom.

Now, at last, we have reached the pinnacle of high school life with senior privileges and respect of all under-classmen. We have edited our two publications, *The Spotlight* and *The Loudspeaker*, very successfully. Our caps and gowns will soon be here, and it won't be long before we leave our happy high school life. As we walk through these dear old halls, we look about us with a feeling of pride and achievement. We have done our very best, and we take with us many happy memories,

Underclassmen

To those we leave behind we say,
“ ‘Ave atque vale!’ ”

We hope your school life will be gay
And your future jolly.

CLASS OF 1946

Ed Bowden, Howard Roughton, Howard Berry, Eva Catherine
 Parker, Janice Beckwith, Marilyn Austin, Fannie Gray

Officially members of no class in Elizabeth City High, we in-betweeners are chiefly transfers from other schools with too few credits to be truly seniors but with too many to be dubbed sophs. Although life here was new and strange at first the students welcomed us with a warmth of spirit that made us feel immediately at home and a part of the many activities in school.

Janice from California, Eva from Pennsylvania, Marilyn and Fannie from Maryland, and Howard Berry from Central, have with scores of other transfers from all over the U. S. A., brought new ideas and talent to E. C. H. S. and have received much in return.

Howard Roughton, who missed a year because of illness, and Ed Bowden, who aspires to finish a year early, also part of the class of '46.

We are looking forward to June a year hence when we, truly a unique class in size at least, will step forth to take our places among the great body of Elizabeth City High School alumni.

Best of luck
to you!

We, the class of 1947, came over from the S. L. Sheep School three years ago into a shower of perfume and lipstick which initiated us into E. C. H. S. At first we felt very much out of place and had a hard time abiding by the rules but we soon caught on. As we got into the swing of it, we were made to feel more at home by the older group. Since we were the younger group, we didn't take an active part in the school's various activities. But this past year we have really enjoyed high school as we worked hard raising money for the Sophomore-Senior in their honor. We did this by giving a sophomore play and several other things. We feel that we are very fortunate because our class is the first class to go the full twelve years in good old E. C. H. S.

We, the freshman class, are proud to be true members of E. C. H. S. at last. Coming up the hard way through the eighth grade has made us more conscious of our responsibilities and opportunities.

True we had to use our well-earned privilege of initiating the present eighth graders by reverting to the tactics of wild Indians and changing perfectly good "pale-faces" to war-painted savages. But now that that is out of our systems, we have gotten down to the business of growing up and proving our worth.

Each activity in school finds our class well represented. Every war-time call finds us ready and eager to do our part.

Indeed, before our years in this school are over, we hope to leave records and examples well worth being followed by those who come after us.

WILLIAM THOMAS WOODLEY
President Student Council

Council of Student Cooperative Government

A Student Council was first organized in the Elizabeth City High School in 1923. It was in 1941 that the present constitution was adopted by the student body to guide the Council. The purpose of the Student Council is to promote the general welfare of the school, establish a closer union, and to create a greater responsibility among the students. Many projects have been sponsored by this organization. Some of them constitute a patrol on the halls. Scrap drives, organization of an activity period for every student, promotion of a Teen-Tavern (The Teen-Age Club), redecoration and furnishing of their own room, responsibility of the scheduling of assembly programs, and the sale of tickets for the athletic program occupy the rest.

The Patriotic Club was started in January, 1942, under the sponsorship of Miss Mary Owens. It functioned under the supervision of the members of her second year Latin class, who applied to the Student Council of Elizabeth City High School for a charter. The purpose of this club is to foster patriotism among the students and make them realize that to keep the heritage handed down by our forefathers, we must fight. The greatest weapon of the enemy is propaganda, and through this club we hope to teach each student to distinguish between false propaganda and the truth.

A chapter of Quill and Scroll, International Honorary Society for High School Journalists, was established in Elizabeth City High School in the spring of 1944. There were thirteen charter members and two advisers. The members chose a name—The Herbert Peele Chapter, in honor of the editor of *The Daily Advance*—began writing a constitution, wrote a daily bulletin, sponsored a poetry contest, and encouraged other literary projects. The three members, who were left this year, inducted seventeen members in January and several more later. The increase in membership was a definite indication of the advancement made in journalistic endeavor by ambitious students.

The Loudspeaker, the official news organ of Elizabeth City High School, has known a harassed and turbulent life. Begun in the year 1923 under the sponsorship of Dr. Earl A. Hartsell, now of the University of North Carolina English Department, *The Loudspeaker's* name was later changed to *The Spotlight*. During the depression years it failed to exist at all.

Started anew in 1934, from which the present volume dates, *The Loudspeaker* has continued to appear, to improve, and gradually to increase in size. Today it's a five-column tabloid-size paper of six pages, enhanced by pictures, cartoons and interesting make-up. Its purpose is to record school happenings and to reflect student opinion. It maintains a liberal editorial policy.

Now a member of both C. S. P. A. and Quill and Scroll *The Loudspeaker* has benefitted greatly by the criticism and advice offered by those two organizations.

Copies of this year's *Loudspeaker* were to be found in all parts of the world where they were sent to give former graduates in service a little "touch of home."

The Spotlight, which first looked out upon the world in June, 1921, this year celebrates her twenty-fifth birthday. Looking back on the people she has known—in infancy, youth, and now maturity—and on the classes she has so happily served, *The Spotlight* is proud of her record and of the fact that steadily through the years she has grown in grace and beauty, in wisdom and in stature.

During the years 1932 and 1933, because of circumstances beyond her control—namely, the depression, she was forced to live a secluded life, for through lack of funds she had not the courage to make a public appearance. Since then she has faithfully appeared each spring to the delight of every graduating class.

As a fitting birthday present, *The Spotlight* this year received the advice of publication experts in C. S. P. A., critics whose counsel she has attempted to heed in order to make her twenty-fifth appearance a credit to herself, her many guardians, and her school.

Outstanding concerts and highlights from the various programs have been "Stormy Weather," which was presented by the band and glee clubs the first year, the second year of the glee club in which we presented "Ballad for Americans," which is usually given only by college students and Rex Glorise which was a special triumph and which will long be remembered in the history of the Glee Club. This year the Christmas concert was presented and was a great success. We are always thrilled and willing to give programs outside of school and have performed in almost every organization and church in Elizabeth City.

Elizabeth City High School wanderers, both actual and aspirant, have formed themselves into an organization which is both social and educational. Traveling, presenting the almost insurmountable difficulties which it does in these times, the members console themselves with the experiences of travel-book authors, their own experiences, and with maps and movies.

THE LAST WILL AND TESTAMENT

We, the Class of 1945, of the Elizabeth City High School, being of relatively sound mind and memory and of the keenest foresight, seeing as we do that we are about to be ejected from these walls which have sheltered us so long and so carefully, do hereby make the following disposition of our various properties and benefits:

ARTICLE I

To all students left behind:

- a. The privilege of having the auditorium repaired and re-decorated.
- b. The wonderful privilege of going to school an extra year.

ARTICLE II

To the incoming junior class:

- a. We leave the privilege of being the superior (?) class for two years.
- b. We bequeath our honored seats in assembly with the full measure attached of the agony of keeping awake, of remaining quiet, and of futilely attempting to appear intelligent.

ARTICLE III

We bequeath our personal properties as follows:

- a. To Judy Jones, "Fag" leaves an *Esquire* to replace the horses.
- b. All of Wayne's used flash bulbs and the memories that go with them are left to Talmadge Lewis.
- c. Jennie Lou Newbold leaves her ability to hit high "C" to Faye Hooper.
- d. To Jean Galton goes Gene Harris' slink.
